## Water and Oil Hold Headlines In Hamlin's Conversation This Week

The most prominent subjects of conversation, in Hamlin this week are water and oil.

The bet is nine to one that the first question to be asked of the Herald man, in meeting others, "what about the water situation?" or "what about this or that oil well, how deep, how much and when?"

Hamlin has had the water question on its mind for about 30 years, till now water is getting on the "brain." Oil has been going the rounds for about ten good years, till today Hamlin community has more oil than water. It is no job at all to find oil almost anywhere in these diggings of the country, but "be-gosh" if water is not hard to locate—well, we should back up a bit right here and tell you again, that enough water has come within two miles of this thirsty city to supply it for three or four years on a stretch had it been "retained," but that is beside the question right now, the water that has gone under the bridge is gone—it is what has not come down that counts.

Ask any citizen which he had rather have near Hamlin oil or water and he quickly says "water."

Attention has been focused this week on the River nine miles north of Hamlin. Attention, because of oil and of water.

For several months General Crude has been working on the T-Diamond well, and that well is just exactly one mile this side of the bridge. In drilling that well, they went down around 4,500 feet, struck a bit of lots of things. At about 3,500 feet oil was found, and while testing they kept going and as the depth increased it appeared oil was not to be found. They backed up to the oil stratum and have been experiencing much trouble in making the final test.

They got the oil, O. K., but whether or not it will be in quantities to pay, remains to be seen.

Wednesday Ye Scribe visited the River T-Diamond well, and we can bear testimony that they found oil in Stonewall county. Big pay may be on this side of the river and it may be on the other side and it may not be on either side. But about a mile or more north and east of the T-Diamond well, the same company has a big first class rotary rig on the Mrs. B. F. Harrison ranch, going past 3,000 feet, looks like this test will show up something on the other side—just what we can not prognosticate—if they could strike a water spout over there it would be hailed with as much joy as an oil gusher—maybe the water could never be financed into Hamlin, but begory it would be "water."

Now we have gotten back on water again. Lets elaborate on that subject some more.

Most new comers, and most semi-new comers, and a few old timers wonder why Hamlin City has not taken steps to provide water.

Before we say more on Hamlin's water, let us remind you that ye editor has seen Hamlin without water more than a half dozen times. We have seen folk get panicky because there was no water in Hamlin, we have heard much growling about no water here, and we have realized it was Hamlin's loss because there was no water here.

But lets go back a few years, and let us also peep over into a few other towns. We recall in the past forty years that nearly every city in Texas, that did not have a bountiful supply fixed by nature, was up against it frequently for water. In time most places have solved the question for the time being.

Most people do not fully understand why Hamlin has not gotten aid for water from the Government. Hamlin folks have seen mistakes made in efforts to get water. We have gotten ourselves into a financial mess to cause any proposal to be turned down if left to a vote to issue more bonds, and as long as the court is trying to decide that Hamlin should or should not pay for something that we did not get and can never have, so long will sensible financiers refuse to buy any Hamlin paper.

### THERE IS PLENTY OF WATER

Back to the River Area. This week the city has caused a small hole to be sunk to make a test for quality of water in the Brazos River bed. It is well known now that about 35 feet below the bottom of the bridge piers there is a layer of quicksand resting on hard shale and that a layer of gravel is between the sand and the shale. All this has what some think is ample water for a large city. The test shows a beautiful stream of sparkling clear water. It has a very passable taste. This water is just NINE miles from our water mains. What should we do about it?

The city can not do a thing without letting every additional dollar spent become an asset to the "warrant holders" off the \$110,000.00 gloom now hanging over us.

The only way, as we see it, is for a Water Supply Company to be organized incorporated, issue stock and try to finance a supply of water, pipe it up to the city's mains and sell it to the city for enough to pay delivery and maintenance, and allow something for the investment. Can this be done? Only on condition that the City would enter into a contract to take so many million gallons per month. BUT should the warrant holders foreclose and take over the system such a contract would cease. BUT let the warrant holders take it over. They would have a time making folks pay for water they did not furnish. So nobody but fools would want the present water system without some water.

Hamlin is a good town and would be a hum-dinger if we had a reasonable supply of reasonably good water.

If Hamlin people do not mean to do something about the water question, lets shut up and pray silently for a big rain that will more than fill up all the fields, tanks and oil well dams to the west of us.

Mr. and Mrs. J. B. Richardson who have been living at Goldsmith, the new western oil field, are now at Rotan to start drilling for General Crude.

Announcements have been received by Hamlin friends of the marriage of Darrold Locke and Miss Beulah Conn in Clovis, New Mexico, last week. Darrold is a Hamlin boy, but at present he is making his home in Clovis, where he is employed by the Santa Fe Railway Co.

Education is the knowledge of how to use the whole of oneself. Many men use but one or two faculties out of the score with which they are endowed. A man is educated who knows how to make a tool of every faculty—how to open it, how to keep it sharp, and how to apply it to all practical purposes.

—H. W. Beecher.

H. B. Allen of Cisco was a visitor in the city, Thursday of last week.

### HARLEY SADLER

The One and Only, West Texas' own showman, will bring his big company of entertainers and stage show, "Rose of the Rio Grande," for two nights only, Hamlin, Friday and Saturday, October 15th and 16. Auspices Fire Department.

MRS. SADLER

Mrs. Sadler, above loveable and affectionably known to all as "Billie" will accompany Mr. Sadler with his big stage show "Rose of the Rio Grande," Hamlin, two nights, Friday and Saturday, October 15, and 16.

Mrs. Sadler is a very accomplished actress and capable on a moments notice of taking any female part in the cast. Knows every line in the play, which is necessary in case of illness with some member of the company.

W. L. Hunter, accompanied by his daughters, Miss Evalena and Mrs. Burnie Reid Jr., of Stamford and Mr. Ernest L. Lee, went to Oklahoma City, Sunday, where Mr. Hunter entered a hospital for medical treatment.

Mrs. C. C. Prater received a message, Tuesday that her brother-in-law, Hugh Latham had been seriously hurt in an accident in Brownwood. Mrs. Prater and her son, Charles left immediately for Brownwood.

Mrs. J. D. Greenway and son, Larry Don left Tuesday for their home in Pecos after spending two weeks visiting relatives and friends in the city. They were accompanied to Big Spring by Forrest and Miss Elva Greenway, where they were met by J. D. Greenway.

Attorney and Mrs. Frank Taylor, of Fort Worth came Saturday to visit his parents, Dr. and Mrs. J. F. Taylor. Mr. Taylor left Monday morning to attend a court session and Mrs. Taylor remained for a longer visit, joining him in Abilene, Tuesday.

Mr. and Mrs. H. L. Mascho, of Cushing, Oklahoma, are spending the week with their daughter, Mrs. R. B. Wiar and husband at their home at the Shell Pipe Line Station.

## PARENT TEACHER ASSOCIATION BEGIN MEMBERSHIP DRIVE

Mrs. Q. Martin, President of the Elementary School Parent-Teachers Association called a meeting of teachers and room mothers, Wednesday at three forty-five, to discuss plans for conducting the membership drive. The drive begins October 1st, and ends October 20th. Children and room mothers are to call on citizens of Hamlin, particularly mothers and fathers of children in school, to encourage membership in the association. The magazine published by the association in Texas is well worth the fifty cents membership fee. The magazine is sent free to every family who joins.

A first prize of two dollars and a second prize of one dollar will be given to the room securing the largest number of paid members.

There were about thirty mothers and teachers present and interest and enthusiasm was indicative of a very successful years work.

## JUNIOR CLASS ORGANIZES

BEGINS WORK ON CARNIVAL

The Junior Class of 1937-38 met in the High School Auditorium, Sept. 31, to elect officers and a Sponsor for the class.

Miss Pope was unanimously elected Junior Sponsor and the following officers were elected: Clara Louise Shelburne, president; George Russell Dean, vice-president; Louise Durham, secretary and treasurer; Slick Taylor, reporter.

The Junior class appreciates the cooperation that has been extended them by the business men of Hamlin. With their backing and support, we will be able to make this one of the biggest and most successful school years for the Junior class.

The biggest event of the year is the Junior Carnival, which will be presented October 30th, at the High School building—With the help of the citizens and the student body of Hamlin High School we will present one of the best and most entertaining Junior Carnivals ever presented in Hamlin.

Watch for the Junior Class in town Saturday, bringing to you the most delicious candy and cakes and pies money can buy.

Watch for the Juniors and we will be watching for you.

—Reporter.

Mr. and Mrs. T. R. Willis, left Saturday for their home in Fort Worth after spending two days visiting the home of Mr. and Mrs. O. K. Wilson.

Mr. and Mrs. Marcus Witt of Lubbock spent the past week-end in the home of their son, I. R. Witt and family.

F. Y. Wilson and R. S. Whiteley motored to Abilene, Tuesday afternoon on business. They also paid the Fair a visit while in the city.

## CURTIS MARTIN BUYS RESIDENCE, MOVES IT

Jackson Avenue is getting a much needed residence this week, corner of 4th Street.

Curtis Martin purchased the Lige Adkins six room residence in East Hamlin and has located it on what is known as the Birdwell corner. This nice place for a home has been vacant several years.

The house fits into the new location very nicely, giving Mr. and Mrs. Martin a choice place. They are remodeling the interior, and improving outside appearance and in time a nice modern home will grace that avenue and street.

## JOHN T. DAY BLDG. BEING MODERNIZED

Many months ago, the Herald observed a lot of knocking, changing and re-organizations of the upper story of the Day Hardware building. Gradually it took on the appearance of a modern apartment on the second floor.

A large suite of rooms have been fitted up, in the most modern fashion for living quarters for Mr. and Mrs. John Ed Day. An outside iron stairway has been set up on the street side, and this week the lower floor has been changed, on the north side where the several large plate glass have decorated the house for these many years, a nice pressed brick wall has been set in. This will mean more shelf room for the hardware and a better display in the interior. The entire building is more useable by the several changes.

The Herald costs you nothing if you live near enough to Hamlin to take advantage of the merchants offerings—the ads that permit you to save on several needed articles will enable you to regain soon the dollar spent for the Herald.

Mr. and Mrs. Ross Fomby treated a select circle of their friends to a dutch lunch on the City Lake, Wednesday evening at twilight. No one should suspicion that there was any wading or swimming in the "Lake."

The Herald cost \$1.00 for ONE year in advance—it is worth \$10, if you live near Hamlin.

J. M. Tindal, age 80 years has been taking treatment in the Abilene Hospital. He had a minor operation last week and is improving slowly at the home of his son, A. O. Tindal, in South Hamlin.

STOP! LOOK! LISTEN! — The Junior Class of Hamlin High School will sell home-made pies, cakes and candy in town Saturday—the best you can find.—The JUNIORS!

## PIPERS AND HORNETS PLAY CLOSE GAME

Friday, October 1, the Hamlin Pied Pipers met the Aspermont Hornets on the Hornet's field for a football game. The game was a close one; in fact, so close that the score was 0-0. Many football fans from Hamlin went over to see the game and to assist the Pep Squad in yelling for Hamlin's players.

The outstanding players of the game were Morrison Nicholson for his running plays and field generalship, George Dean for his "heads up" play. The blocking of Robert Fowler caused many plays to work. In the line the work of Charles Prater and Bill Morrison stood out.

Aspermont had two outstanding tackles and a guard that Hamlin could not stop.

After the game, the Pep Squad and the football boys had a picnic on the Double Mountain River near the bridge. The Pep Squad and their leader, Miss Shadle, prepared this, and a good time was enjoyed by all.

Next Friday, October 8, the Pied Pipers will play the Albany Lions on their field. This will be a tough game, so come yell for our boys in green and white.

## CHURCH OF CHRIST

WOODIE HOLDEN, Minister.

Below is an outline of the services of the Church of Christ for the fall season, with an earnest invitation for you to attend:

### SUNDAY

Plan your week and outline your days so as to be able to attend as many of these services as possible. A hearty welcome awaits you.

Mr. and Mrs. E. R. Richardson have come back to this community from the Goldsmith oil fields. Mr. Richardson is with Crude Co., and will live in Rotan, near their drilling contract. A number of the Goldsmith people are now in the Rotan field, but it seems most of them live in trailer-houses.

Miss Pearl Hudson visited Mr. and Mrs. Ross Walker on the Young Ranch Sunday.

### MISS McCracken BECOMES

BRIDE OF DELBERT ROUNTREE

Miss Mattie Lee McCracken and Mr. Delbert Rountree were united in marriage Sunday, September 19. The ceremony was read by the pastor of the First Methodist Church of Anson, at his home in that city.

Both of these young people were reared in Hamlin and have a host of friends here who wish for them the best in life. Mr. and Mrs. Rountree are both graduates of the Hamlin High School.

Mr. Rountree is now employed by the Santa Fe Railway Company as a brakeman.

## DO IT TODAY

The trouble about waiting to do big things is that the years pile up and nothing is ever done.

The day is not far away when one's powers of accomplishment will not be equal to one's ambitions. Each dream will then remain—a dream. To sit by the dead embers of unrealized dreams is poor comfort for old age.

The secret of getting big things done is simple. DO IT TODAY.

Do the little things that must be done—now. Success is merely the accumulation of little things faithfully done.

Today is a momentous day in your history. It will never come back. Tomorrow brings its own work. Give it a chance. Do It Today.

## HIGHWAYS OF TOMORROW

Compared to the roads of a generation ago, modern highways are marvels of excellency. Yet, in spite of this phenomenal development, today's system is woefully inadequate, as Frank T. Sheets points out in an article in Public Safety.

"Progressive strides have been taken and must continue to be taken in driver education and in providing safety regulation for vehicles," says Mr. Sheets, "but the ultimate in traffic convenience and safety will not be reached until we actually provide adequate highways and build safety into them."

Today's engineers have designed tomorrow's highways. These magnificent roads will include terminal facilities in cities whereby traffic will move to various points with a minimum of congestion; main super-highways of many lanes, with divisions in the center to prevent head on collisions; will carry cross-country traffic, avoiding congested areas enroute; intermediate highways will serve local traffic needs; even the lowest grade, little-used roads will be given some cheap form of all-weather surface; arterial urban streets will carry into and through cities and towns that part of rural main trunk traffic which has business in the metropolitan area.

This seems a far off ideal, but not long ago the automobile, the radio, the airplane, the telephone seemed so, too. The cost of developing highways and streets of maximum safety on a national scale, will be tremendous—but it will be spent over a long period of time and no form of expenditure by government can better serve the people. Better highways are not a

cure all for the accident problem—but when we develop our roads to the point where the chance of accidents is reduced to a minimum, a long step toward lowering our ghastly annual toll of deaths will be taken.

Mmmm—home-made pies, cakes and candy will be on sale at the Junior booth Saturday.

## IT'S NOT SO SIMPLE

After referring to the fact that the current legislative meeting is, "indeed, an extraordinary session," and pointing to the difficulty of reconciling the widespread and urgent demand for relief from excessive taxation with the equally urgent demand for equalizing state outgo and income—all in view of expressed sentiment for expanded social ministrations of government—The Houston Post says editorially:

"The task before the Legislature is not an easy one. In the minds of some, no doubt, the idea persists that all that is necessary is to increase taxes on certain lines of business and industry. When the body comes to examine the taxes already paid by business and industry, and their capacity to pay more, it will be found that in most instances these sources of taxation are already being drained to the limit of safety.

"It is easy enough to conclude, without investigation, that this or that industry should pay more taxes, but when the matter is gone into, it may be discovered that additional burdens may force that industry to suspend, or to leave the State and relocate where tax imposition is less burdensome.

"It is not an exaggeration to say that upon the attitude taken by the Legislature in this special session toward taxation of business and industry may depend the industrial and commercial progress in this State for the next decade. It needs scarcely to be said that adoption of a tax policy that will discourage expansion of industrial and commercial concerns operating in the State now, and that will frighten others from coming into the State, will be economically unsound, judged from the State's own standpoint.

"If there must be collection of additional revenue to finance the growing State services to the citizenry, let the scheme of taxation be laid upon so broad a base that the burden will not rest unevenly."

The way of the world is to praise dead saints and to persecute living ones.—H. Howe.

## NEW SERIES OF ADS TO APPEAR FOR CREOMULSION

The Hamlin Herald is again on the select list of weeklies picked by the Creomulsion Company, Atlanta, Ga., to run a series of advertisements on their product, Creomulsion, a prescription for Coughs and Bronchial irritations due to colds.

Creomulsion, recommended by thousands of doctors and druggists, is sold by all drug stores. All druggists are authorized to refund the purchase price to any customer if not satisfied with the results from the very first bottle.

## Curiosa Americana

By Elmo Scott Watson

### Right-o!

BACK in the days when Americans amused themselves with thinking up curiosities in the use of words, some unknown poet composed these lines to aid writers of "write":

"Write" we know is written right, When we see it written "write"; But when we see it written "wright"; We know it is not written right; For "write," to have it written right, Must not be written "right" or "wright," Nor yet should it be written "rite"; But "write," for so 'tis written right!

Appropriate comment on that, of course, is the English expression of "Right-o!" Which recalls the verse written by an American after his return from England where he had difficulty in adjusting himself to English traffic laws. He declared:

The laws of the road are a paradox quite For when you are traveling along, If you keep to the LEFT you're sure to be RIGHT, If you keep to the RIGHT you'll be WRONG!

## EXPERIMENT

(An editorial from the Rotarian Magazine.)

The story has been going the rounds of a city man who bought a farm. While examining the line fence which had been a source of much quarrelling in the past, the neighboring farmer said:

"That fence is a full foot over on my land."

"Very well," said the newcomer "we shall set the fence over two feet on my side."

"Oh! But that is more than I claim," stammered the surprised farmer.

"Never mind; I would rather have peace with my neighbor than two feet of earth."

"That's sure fine of you," replied the farmer respectfully, "but I couldn't let you do a thing like that. Let's not move the fence at all."

It is suggested that the next time you have a dispute about "rights," you try surprising the other fellow by giving him more than he claims, and then see what happens!

## TAXATION PATCHWORK IS EXPENSIVE

"All this discussion ('of the dilemma of the Texas legislature resulting from the fact that everyone demands lower taxes, and then many vote amendments necessitating additional millions for pet projects and social reforms') leads us back to an oft-repeated suggestion of Farm and Ranch that a study be made of the possibilities of various proposed taxing systems; of the taxable resources of the State, and a new and more practical and equitable system of raising needed revenue adopted. If necessary the entire taxing methods of the present should be scrapped and replaced with a more scientific plan that will spread the cost of government in an equitable manner to all citizens.

"The present taxing system is antiquated and inequitable. It has outlived its usefulness. Under it we raise a very large portion of our needed revenue from a very small portion of the taxable wealth of the State. Taxes are assessed against property and corporations in proportion to the ease with which they can be collected while hundreds of millions escape. The legislature could render no greater service to the people than to appoint a non-political qualified committee to make a survey of the entire field for the purpose of presenting for the consideration of the people a modern scientific taxing system that will spread the cost of Government into every corner of the State and to all classes of citizens."

—From editorial in Farm and Ranch Magazine.

The only reason I am clinging to life at all is to see what the hell is coming next.

Yours sincerely,

## 87 SPEED RECORDS BROKEN TO MAKE TIRES SAFER FOR YOU

Never Before Have Tires Been Put to Such Gruelling Torture

AT SPEEDS as high as 180 miles an hour—with the hot, coarse, abrasive salt grinding, tearing, scorching his tires—Ab Jenkins' special racer, weighing nearly three tons, pounded over the Bonneville Salt Beds at such terrific speed that it caused the surface to break up. Before the end of the run the track was so pitted and rough that it was almost impossible to hold the car on its course. Yet Jenkins set 87 new World, International and American speed records on Firestone Tires.

Building tires capable of establishing such records is made possible only because of patented Firestone manufacturing processes. These exclusive features enable Firestone to provide car owners with tires that are extra safe.

For the greatest protection of yourself and your family equip your car with Firestone TRIPLE-SAFE Tires. By TRIPLE-SAFE we mean—

**1 PROTECTION AGAINST SKIDDING**—The scientific tread design gives longer non-skid mileage and stops your car up to 25% quicker.

**2 PROTECTION AGAINST BLOWOUTS**—Firestone Tires run up to 28 degrees cooler because every fiber of every cord in every ply is saturated with liquid rubber by the Firestone patented Gum-Dipping process. This counteracts the internal friction and heat that ordinarily cause blowouts.

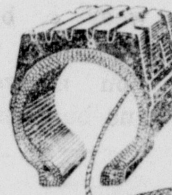

**3 PROTECTION AGAINST PUNCTURES**—Two extra layers of Gum-Dipped cords under the tread add strength to the tire and give extra protection against punctures.

Now is the time to make your car tire-safe for fall and winter driving. Join the Firestone SAVE A LIFE Campaign today by equipping your car with a set of new FIRESTONE TRIPLE-SAFE Tires—the safest tires that money can buy!

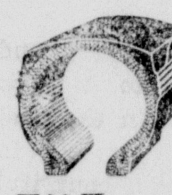

## YOU CANNOT AFFORD TO DRIVE WITHOUT FIRESTONE TRIPLE-SAFE TIRES

Last year highway accidents cost the lives of more than 35,000 men, women and children and a million more were injured!

More than 40,000 of these deaths and injuries were caused directly by punctures, blowouts and skidding due to smooth, worn, unsafe tires!

Left is a section cut from a new Firestone Triple-Safe tire. Note the thick, non-skid protection against skidding, blowouts and punctures. Come in and see a demonstration.

## Points and Personalities

by doris pope

If you have noticed some of our leading business men looking very sheepish and down-cast the past week or so, it's because of a very winsome out-of-town advertising lady. It seems that she was not only attractive, but she also had a very "taking" way. In fact, she had such a taking way that she "took" several of our prominent business personalities for four dollars for an ad which was published in a neighboring paper of another community. And all they've heard of their four-dollar ad in the out-of-town paper and the alluring advertising siren is a certain emptiness in their pocket and a lot of explaining to do at home. Yes, sir, it always PAYS to follow the "Trade at Home" policy.

We wonder why Hamlin was completely left out of the recent special edition of a neighboring daily newspaper.

Who is the popular and well known used car dealer that has been "gettin' to" the boys lately?

It was necessary to put on extra help at the Post Office this week in order to take care of the rush of mail caused by correspondence between a charming young lady of our fair city and a well known insurance man who made a three-day business trip to Dallas. Can that be love or had he heard that she was seen the night before in the company of two popular young men about town?

The story is told of a popular young dry goods manager who speaks Spanish so well that when he recently visited a camp of Mexicans on his father's farm, he was mistaken as a native of Mexico and was pursued by dark-eyed señoritas. (Perhaps an "acquired stutter" might remedy the situation.)

Personality of the week: Hamlin's oldest dry goods man in point of service. A man who has radioed more smiles from the dry goods counter than the average person gives in a lifetime. He is noted for his pleasant manner and natural courtesy. He began service in Hamlin 31 years ago as a salesman for Holland Dry Goods Co., and holds an unbroken record, having served many of the outstanding stores of this city. He can now be found at Strauss Dry Goods Co.

Who was the young person who very recently took a shower bath on the lawn of a very prominent place in a neighboring city?

It is rumored that an attractive young brunette beauty operator who drives a black V-8 is now purchasing her trousseau.

From all reports, in last week's issue of the Herald, we were a little vague in some of our "points" and several errors in the identification of persons resulted. In fact, we almost had a suit, a divorce, a murder, a suicide and a general massacre on our hands, and we've been called every thing from a so and so to a home wrecker. However, we wish to apologize to all persons concerned, and we assure you that we can make satisfactory explanations of all statements made in this column. From now on, we'll be more careful to label our subjects and we'll make sure that our insurance is paid up to date.

If you want to know how to make a five cent sack of candy last all day, we refer you to the habits of a well known business man who is interested in furniture.

What attractive blond beauty operator who couldn't find her "boots" was seen in Abilene, Sunday? She was accompanied by a chic stenographer of one of our outstanding business establishments. Many speculations have been made as to just what these young ladies were "up to"—???

Current rumors are that a certain handsome blond who clerks in Hassen Co. on Saturdays is now introducing a charming young lady as "the Mrs."

Of course mistakes are often made about voices heard via telephone. However, it seems that a certain married woman who is on the sales force of one of our well-known dry

goods stores should be able to recognize the voice of her husband from an Alabama drawl.

What young Conoco employee with red hair, which might better be described as "pink," is very interested in nurses?

Why did a certain young oil field worker, about 19 years old who is employed by O'Donnell and Callihan visit the Rose Shoppe, Wednesday afternoon? If you had been listening, you could have heard him all over town telling his "troubles" to Mrs. Dunn.

## BAT PARADISE

DENTON, Oct. 6.—Even the best of hunters may not know of the unusual laws tucked away in the state game regulations of Texas. Among the "don'ts" one finds that it is unlawful to kill or injure a bat, presumably because these birds are so destructive to harmful bugs and insects.

Deer hunters must remember not to use any sort of deer call except deer horns, which may be rattled. Nor can one hunt at just any hour during the season; between sunset and sunrise the hunters must forbear shooting at any game animal. Game animals which must not be killed at any time are turkey hens, doe deer, fawn or spike buck.

## PREY OF TEXAS HUNTERS

For conversational purposes non-hunters may be interested in knowing just what kind of game lures their fellow Texans to the chase. Listed as game animals are deer, elk, antelope, wild sheep, bear and squirrels. Among the game birds are turkeys, ducks, geese, brant, grouse, prairie chickens, pheasants, quail or partridge, wild pigeons, doves, snipes, chachalaca, plover and shore birds of all varieties.

Fur-bearing animals, on which a tax must be paid, include badger, civet cat, fox, mink, muskrat, opossum, polecat, skunk, raccoon, beaver and ringtail cat.

Attorney Clyde Eastus and Frank Potter, of Fort Worth, were guests Sunday in the home of Dr. and Mrs. J. F. Taylor.

## Mere Man Gives Tips To Housewives

Allen Prescott, radio commentator, is shown in a somewhat playful mood as he gives his Scottie a combing. Otherwise he is the serious author of "Aunt Harriet's Household Hints" and "The Wife Saver's Candy Recipes."

INK spots on fingers may be removed by rubbing the spot with the head of a match.

You can improve the flavor of pancakes by adding one tablespoonful of maple syrup to the batter.

If the family wash has to be dried indoors it can be done faster with the aid of an electric fan.

A good stiff brush is a good way to clean a grater after grating an orange or lemon rind.

To keep scatter rugs from slipping sew old rubber jar rings in each corner on the underneath side.

These are some of the latest household hints gathered by Allen Prescott, radio star, known to listeners as the "Wife Saver," who will discuss the subject when guests

speaking on Columbia's "Heinz Magazine of the Air," Oct. 8th.

"When cleaning the oil mop," advises Prescott, "remember to dip it into boiling water into which you have tossed some soap flakes instead of shaking it out of the window. Add a little ammonia to the last rinse water.

"If you have trouble finding your electric push buttons in the dark, why not add to the comforts of the home by touching them up with luminous paint. This saves time, bumps and displays of temper.

"Another sure way of saving your furniture," added Prescott, "is to provide a board, plenty of nails and a hammer, when your youngsters feel the urge to hammer."

## LONE STAR GAS CO. IS OFFERING UNUSUAL CONTEST

"See the pretty birdie," time worn slogan of photographers, is now help at all in catching the glowing personality of a radiant gas heater, declare prospective entrants in Lone Star Gas System's ten-week contest for amateur photographers.

Interested camera fans are already lining up pictures of gas heating equipment with which they hope to capture the ten \$10 prizes which will be awarded each week by the gas company in its contest which will open October 11 and close December 18. They are taking their cue on the type of pictures wanted from the company's newspaper advertisements, one of which appears in this issue and from a folder on the contest furnished by the gas companies participating in the contest. These include Community Natural Gas Co., Lone Star Gas Co., The Dallas Gas Co., County Gas Co., and the Texas Cities Gas Co. In addition to the weekly prizes of \$10 for the ten best pictures, at the close of the contest the gas system will award grand prizes of \$100, \$75, \$50 and \$25 for the four best pictures submitted during the entire ten week period.

"I've had several people ask me whether a picture of a living room would be better than a bedroom showing gas heating equipment," said the district manager of the gas company in talking about the contest. "That is something each contestant will have to decide for himself, because as far as the company is concerned a picture of any room in the house is acceptable if it shows gas heating equipment."

"What we hope to obtain through the contest are some good, clear pictures showing various types of gas heating equipment used in homes of this section. Customers who come to our display floors to buy heating equipment find it difficult to visualize just how the appliance they are considering will fit into their home. With the wide selection of photographs we hope to receive during the contest, we can show them that in addition to furnishing a comfortable, healthy heat throughout the house, modern gas heating equipment is available in styles varied enough to fit into any decorative plan."

Little Miss Velma Joyce Martin, of Anson, is spending the week with her grandparents, Mr. and Mrs. M. H. Castleberry, of Neinda.

## LOCAL NEWS FROM FAR AND NEAR

(By TRESSIE BROWN)

Here we are again, after last week's absence.

Mr. and Mrs. Jim Brown and little daughter, Betty Joan spent Sunday with Mr. and Mrs. Virgil Reynolds and family. Some might have already noticed Mr. Reynolds with a wide and happy grin on his face, stepping "high"—announcing the first grandson, born to Mr. and Mrs. Lloyd Hamlin, on Thursday night, Sept. 30th. The little fellow has not yet been named, but reports say, "He is a very fine boy." Congratulations, Grandpa Virgil.

Miss Charlene Rich spent the week-end with Miss Grace Johnson.

Mr. Lee Decker of Royston and Miss Elya Mae Floyd of Rotan were married Thursday night, September 30th. Further reports have not yet been received. We congratulate this newlywed couple and wish for them a most successful and happy life.

Mr. T. S. Brown and Misses Lou, Eunice, and Tressie made a flying trip to Comanche County the first part of last week to visit relatives and friends.

Monday Misses Tressie and Eunice Brown went to Gorman to the Blackwell Sanatorium to have their tonsils removed, they stood the operation fine and returned home Tuesday afternoon, accompanied by Mr. Paul Fisher of De Leon.

A good singing was held at Beattie Sunday night.

S. T. Johnson, of McCamey spent the week-end visiting his wife mother and sister.

Next Sunday night there will be a singing at Neinda. Everyone come. Bring some song books and enjoy yourself.

## FATHERS' AND SONS' BANQUET TO BE GIVEN BY FUTURE FARMERS OF AMERICA

On Tuesday night, Dec. 7, 1937, the Annual Father and Son Banquet will be given for the benefit of the members of the Hamlin Chapter of the Future Farmers of America. This event is looked forward to by all the members as being one of the chief attractions of the year. The purpose of this banquet is to stimulate the interest of the fathers in their son's agricultural work.

Miniature trench silos are being started by all of the boys for experimental purposes. Three or four bundles of feed will be put in each miniature silo for a preservation test. They will be laid into the trench, moistened thoroughly by water and then dirt packed tightly over them. They will be dug up next spring and compared with feed which was stacked. The idea is to encourage the start of trench silage in this community.

Three more calves have been put on feed. One by Bobbie Gill, one by Gerald Ivy, and one by Newell (Doby) Johnson. They were purchased from Paul Turner at Sylvestor.—Contributed.

# Have You Entered The Photo Contest?

This interior view showing a gas circulator type heater was taken in the home of one of our customers.

## 5 Simple Rules of the "Heating Photo Contest"

1. All photos must include a view of the gas heating equipment used to heat the room or adjoining room in which the photo is taken. (See sample)
2. The house in which you reside must receive its gas service from one of the companies of Lone Star Gas System and all photos submitted in the TEN WEEK CONTEST must be taken in a home served gas by one of the companies of Lone Star Gas System. These companies are: — Lone Star Gas Company; The Dallas Gas Company; County Gas Company; Community Natural Gas Company; Texas Cities Gas Company.
3. Employees of any company of Lone Star Gas System and their immediate families and professional photographers or persons engaged in the business of making photographs for commercial purposes are not eligible to enter this Heating Photo Contest.
4. All photos submitted must have your name and address (including the town) PRINTED PLAINLY ON A SEPARATE PIECE OF PAPER AND PASTED TO THE BACK OF EACH PHOTO ENTERED IN THE CONTEST.
5. All photos submitted should be delivered to your local gas company office or mailed to LONE STAR GAS SYSTEM, ADVERTISING DEPARTMENT, 305 S. HARWOOD ST., DALLAS, TEXAS.

The contest is for a TEN WEEK Period from October 11, 1937 to December 18, 1937 (inclusive). All photos submitted will become the property of Lone Star Gas System to be used as desired by the company. Photos entered in the contest will not be returned and weekly prize winners will be advised by letter. At the close of the ten week contest a complete list of prize winners will be available for inspection at your nearest gas company office.

YOUR gas company wants to buy one hundred photos or "snap-shots" to be used to illustrate various types of gas heating appliances used in homes of the Southwest.

Note the sample photo in this advertisement and read the five simple rules of the contest and submit your entries NOW. No matter what type gas heating equipment you prefer — floor furnaces, gasteam radiators, gas circulators, or gas radiant type heaters — take pictures of your living room, dining room, or bed room and submit them in the TEN WEEK PHOTO CONTEST. Be sure to include a view of some type of gas heating appliance.

## Nothing to Buy...No Letters to Write

Weekly prizes of \$10.00 each will be awarded the ten best photos submitted each week during the contest. A total of one hundred prizes of \$10.00 each will be awarded for the best photos submitted between the dates of Oct. 11, 1937 and Dec. 18, 1937. At the close of the contest additional grand prizes will be awarded as follows: 1st grand prize, \$100.00; 2nd grand prize, \$75.00; 3rd grand prize, \$50.00; 4th grand prize, \$25.00. Send in your entries EACH week. Yours may be just the kind of photos we need.

### FIVE ARE HONORED AT BIRTHDAY DINNER

An unusual birthday celebration was held Sunday, when Mr. and Mrs. G. D. Raney were host to 30 relatives and friends for dinner in their home south of Hamlin, the occasion was the birthdays of Mrs. Raney, Fannie and Annie Galloway, Gus Randolph and Charlie Wayne Lee.

Before the dinner was served gifts were presented to the five honorees.

Out of town guests, were Mr. and Mrs. Dan Craddock, Ford Waldrop, Mary Ann and Ruie Waldrop and Ona Galloway, all of Knox City.

### LITERARY CLUB OPENS SEASON WITH LUNCHEON

The Woman's Literary Club opened their twenty-ninth years work with a three course luncheon, Friday at one o'clock, in the home of Mrs. W. A. Albritton on Central Avenue, with twenty-six members present.

The club colors of pink and green were featured in the menu and table appointments. Bowls of pink roses gave the decorative touch to the entertaining rooms and pink rosebuds in crystal holders centered the tables.

The traditional President's Day was observed in the program which was presented by Mrs. Dewey Gildon, chairman of the year book committee. A vocal solo, "A little Bit O' Honey" was given by Mrs. R. B. Wiar with Miss Anita Anderson accompanying at the piano. The

president, Mrs. Brundage took as her theme, "Modern Education," stressing the part club work plays in our present day education. The response was given by Mrs. Loyd Seabastain, first vice-president, who emphasized the enthusiastic outlook of the club members for the year. The program was closed by Mrs. Hefflin Miller with an appropriate group of readings.

Members assisting Mrs. Albritton in arrangements for the luncheon were Mrs. R. D. Moore, Mrs. J. E. Bury, Mrs. G. R. Bennett, Mrs. S. C. Ferguson and Mrs. Tom Teague.

### KONGENIEL KARD KLUB WITH MRS. RAYMOND JONES

Mrs. Raymond Jones was hostess for the first autumn meeting of the Kongeniel Kard Klub in her home, Tuesday afternoon, with two tables of contract in play. High scores were made by Mrs. J. M. Bullard and Mrs. L. H. McBride.

Following the games a plate holding stuffed tomatoes, bread and butter sandwiches, fruit sticks and punch was served.

Those playing were Mmes. Ray Willingham, B. W. Nobles, M. T. Hudson, Fred Carpenter, J. M. Bullard, L. H. McBride and T. A. Thigpen.

### MRS. NOBLES ENTERTAINS WITH MORNING BRIDGE

Mrs. Vera Nobles was hostess to the Oriental Bridge Club when she entertained Wednesday morning at nine thirty o'clock at the Morgan

Hotel. Three games of contract were played with Mrs. R. H. McCurdy and Mrs. B. L. Jones making high scores.

At the conclusion of the play a delicious two course luncheon was served to Mmes. A. D. Ensey, M. T. Woodward, R. H. McCurdy, J. F. Taylor, J. P. Morgan, A. E. Pardue, J. M. Bullard, B. L. Jones and the hostess.

### MRS. J. W. HINES HOSTESS TO T. E. L. CLASS

Members of the T. E. L. Sunday School class and several guests met at the First Baptist Church, Thursday afternoon at 2:30 and motored out to the lovely country home of Mrs. J. W. Hines where she was a delightful hostess to the class. During the business hour, reports of the past years work was given by each officer of the class, which were very interesting and encouraging.

Mrs. Littleton installed the new officers with a beautiful and impressive service.

The class surprised our teacher, Mrs. Tom Routh, with a miscellaneous shower and our president for the past two years, Mrs. Tate May, with a lovely cookie jar.

The hostess assisted by her daughter, Miss Dorothy served delicious cake and ice cream to members of the class and guests.

### SCHUBERT CLUB MEETS FOR LUNCHEON

The new years work for the Schubert Club was opened Saturday at one o'clock with a luncheon at the Morgan Hotel, honoring Mrs. Joe McCrary, the incoming president.

Autumn flowers in varied hues decorated the tables where a lovely two course luncheon was served.

The program for the day was opened with the "Club Collect," given in unison. Greetings were extended by active past presidents, after which Mrs. McCrary gave her message with response by Mrs. Bennett.

Members present were Mmes. Gordan Bennett, Turner Beard, Ira Clements, Woodie Holden, Raymond Jones, Q. Martin, L. H. McBride, Joe McCrary, J. E. Moody, W. C. Russell, Earl Smith, R. B. Wiar, Gerald Morgan, L. P. Yocham, Misses Nadine Morgan and Edwina Gilbert.

### DENVER CRUMPLER Radio Tenor

### BLACK-DRAUGHT A GOOD LAXATIVE

Mr. and Mrs. L. B. Pribble went to Hobbs, New Mexico, Saturday to visit their sons, Iris and Foy, who are operating a flower shop in that city. Mr. Pribble and Foy returned to Hamlin Sunday and Mrs. Pribble remained for a longer visit.

## McCAULEY MATTERS

By JOHN P. HARDESTY

Miss Elizabeth Hines, of Rule, formerly of McCauley, visited from Friday to Saturday with Miss Melva Miles, returning to her home Saturday evening with her father, F. E. Hines, our rural mail carrier. The Hines family moved a few weeks ago back to Rule, the family home for many years. Mr. Hines will have served his allotted time as mail carrier Jan. 31, at which time he retires from active service, and will rejoin his family at Rule. McCauley regrets to lose this fine family as citizens. They are a valuable asset to any community.

Mrs. Clyde Angel and little son, Robert, of Big Spring, visited in the home of the E. L. Rector's from Friday to Sunday. Mrs. Angel is a niece of Mrs. Rector, and a sister of Miss Vera Tate, (teacher in our public school, and who lives in the Rector home.

Prof W. A. Stephenson, wife and daughter, Etta Jane, visited in the home of Mrs. W. H. Stephenson, Saturday. Prof. Stephenson is head of the department of Government in Hardin-Simmons University.

Mrs. Alice Hopkins, and daughter, Emma, have leased the B. B. Gill Cafe from Mr. Gill, and will continue to operate it indefinitely. Mr. Gill and wife have gone with his brother, Dr. Gill and his wife, to Mineral Wells for Dr. Gills health. Dr. Gill suffered a slight paralytic stroke recently necessitating his return to Texas' famous health resort. Dr. and Mrs. Gill have been guests in the B. B. Gill home for several days.

J. J. Crowley, whose home is two miles south of McCauley, entered a Sweetwater hospital last Saturday for medical treatment. His condition is considered serious, but at last reports he seemed to be improved. He is the father of Cliff Crowley, proprietor of the Clover Farm Store in McCauley.

George E. McBeth, of Abilene, formerly of Dowell, Fisher county, will occupy the Baptist pulpit in McCauley next Sunday. Mr. McBeth is a layman and director of the Sunday School work in District Seventeen of the Baptist General Convention. He is a consecrated and capable worker and has a message that all will be glad to hear.

Two cars of Intermediates attended the County Rally of the B. Y. P. U., at Roby, Monday evening. A splendid program was rendered by the Roby Union. During the social hour refreshments were served to some sixty boys and girls and their sponsors. The next meeting will be held in McCauley, with the local Union presenting the program.

Fifteen Sunday School workers, including the local superintendent, B. F. Short, six teachers and the pastor, attended the monthly Sunday School convention of the Fisher County Baptist Association at Roby, Sunday afternoon. Rev. R. H. Howell, Royston is County Director. In the election of officers for the ensuing year two McCauley members were chosen, Miss Ila Eivens as Superintendent of Cradle Roll and Mrs. Edwin Johnson as Superintendent of Juniors.

Again, this pencil pusher would request that you give him any news that you would like to appear in this column. He wants to be fair to all. So if he leaves out something you think should be put in, it is because he does not learn about it in time. Part of this week's items appear because he had some appreciated help. If it is news, let us have it while it is news.

Miss Nell Riney has returned to her duties as teacher in the public school. Her father is still critically ill in his Abilene home.

Mrs. M. H. Kean, who is making her home with the family of her son, W. C. Kean is suffering from an attack of bronchitis which has kept her confined to her bed for the past week.

The following young people motored to Abilene Sunday evening to hear the converted Jew, Rev. Hyman J. Appleman, who concluded a revival at the First Baptist Church, Sunday night: Mr. and Mrs. Jack Johnson, Mr. and Mrs. Edwin Johnson and Mr. and Mrs. Wesley Akins.

Mr. and Mrs. L. E. Rector, accompanied by Mrs. J. W. Rector, his mother, went to Dublin Wednesday morning in response to a message telling of the accidental death of Mr. W. M. Keller, step-father of Mrs. L. E. Rector. Details of the accident were not given. Mr. Keller was the father of Mrs. M. T. Beard of Hamlin.

#### PUBLIC SCHOOL NEWS

The Senior Class, composed of ten girls and one boy, have begun a very enjoyable school year. Our class rings have been ordered and will be on our fingers within a few weeks. We are selling drinks and candies for class expenses. On Thursdays the girls are uniformly dressed in black and white, cape dresses of linen. The one boy member wears black trousers and a white shirt with black tie. Our motto: "To-day We Take Off; Where Shall We Land?" Our aim is higher grades each month." On Tuesday evening, Sept 28, we had our first social, in the home of Mr. and Mrs. H. P. Powers. It was a "tackey" party. Supt. D. L. Smith carried off the honors for the occasion. Comical games were enjoyed by all, along with refreshments of sandwiches, cake and punch. Messrs. H. P. Powers and V. W. Jackson, teachers are joint sponsors for the class.

Geneva George attended the district club girls' clothing contest at Midland on Tuesday. Her entry in the contest was a yellow pique dress, which won third place. First place was won by the representative from Nolan County and second place by a Ward county girl. On the trip Geneva visited friends in Stanton, and reports a grand time. Among the visitors to our school

recently was Principal Albert M. Jackson, of Hatchel, Runnels County. He is a brother of Mr. V. W. Jackson, teacher of public school music in our school. The two Jackson brothers sang several songs in the different rooms as they visited among the teachers and pupils.

Other visitors were: Mr. and Mrs. J. C. George, parents of one of our Seniors, Geneva George, who live in this community.

#### LIVING YOUR PRESENT

During the past two years I have asked 2,997 persons, "What do you live for?" I discovered that 94 per cent are merely enduring the present for some future event or condition. Poor souls! They are wasting today's realities for tomorrow's speculations, sitting bored at a great entertainment, waiting for a better show which may never open. It's a common failing.—William Moulton Marston, author, lecturer and psychologist, in the Rotarian magazine.

ARROW NEW TRUMP just won't take a licking!

In a recent test, NEW TRUMP emerged victorious from fifty wearings, washings and ironings... its smart soft collar still unfrayed and wrinkle-free. That's the test of a champion!... and a tip-off to men who seek value.

Like all our Arrow Shirts, NEW TRUMP is Mitoga form-cut and Sanforized-shrunk... a new shirt on the house if one ever shrinks.

## THE REST OF THE RECORD

BY JAMES V. ALLRED  
Governor of Texas

One of the ablest groups of newspapermen in America is reporting the present legislative session from the capitol pressrooms. Keen and intelligent, they do a good job of covering and reporting the daily happenings of the Legislature.

It is no criticism of their fine work to say that often the average newspaper reader loses sight of the real issues in the mass of conflicting statements and reports which must be carried by the press. An example occurred this week when a good farmer friend wrote me that the farmers of his section "strongly opposed an increase in taxes, especially on farm real estate and taxes that affect farmers as a whole."

Now I have never had any desire for the legislature to pass that kind of a tax program nor have I ever sponsored such a plan. The record shows that I cast my vote with the state comptroller to lower the state ad valorem tax to 7c which is the lowest in over twenty years.

As I told my farmer friend, I am waging a tax program to raise money from only a small, under taxed and over-privileged group—interests able to pay the cost for financing age assistance, aid to needy blind dependent children, and teachers' retirement. An example of such a group is that of five major pipe line companies who in one year reported a total net profit of forty-one million dollars but paid altogether to the state the "tremendous" sum of \$5,647.99 in franchise taxes.

These are the kind of folks I want to see taxed—not to penalize them but so that they will bear their portion of our state government cost.

The only group that I know who want to levy taxes that "affect agriculture as a whole" are the "sales-taxers." A sales tax would fall squarely on the shoulders of the farmers and the working people.

Lobbyists for all the big pipe line companies and other special interests watching the Legislature favor a general sales tax. Spokesmen for this group are saying no new taxes are needed. Such statements are simply a smoke screen to defeat the people's program. Everyone of that group would vote tomorrow for a general sales tax if I would agree to it.

Their strategy is to stave off any taxes as long as possible until our state is in such a terrible shape that some future governor out of desperation may turn to a general sales tax. To carry out their plan, this group has organized a campaign of propaganda to frighten the farmers and little business men into thinking that my tax program is going to hurt them.

They raise the hollow charge that I want to levy more tax burdens on the people. The taxes I propose would fall on the shoulders of the over-privileged groups which are able to pay.

A certain senator and his associates in the "sit down" strike against adequate revenues for the needy charge that I have increased the cost of state government. They point to increased appropriations during the past ten years as though I were responsible for all of them.

I wonder why they are not fair enough to let the people know that represented in their figures is the money that is collected for unemployment insurance and for relief bonds which the people voted. Practically everything I have had anything to do with was voted by the people. The increased appropriation for ordinary purposes of government were voted by the Legislature against my recommendations.

Texas cannot have progressive government by launching destructive economies and institution wrecking politics in order to save a few privileged interests from just taxation.

The people do not want to economize by cutting out unemployment insurance or old age assistance. The votes in every senatorial district registered overwhelming approval for aid to the blind, dependent children and the needy.

I believe that the majority of the legislators have the political courage and the patriotic purpose to provide for the state's unfortunates and to balance the budget.

### Don't put up with useless PAIN Get rid of it

When functional pains of menstruation are severe, take CARDUI. If it doesn't benefit you, consult a physician. Don't neglect such pains. They depress the tone of the nerves, cause sleeplessness, loss of appetite, wear out your resistance. Get a bottle of Cardui and see whether it will help you, as thousands of women have said it helped them. Besides easing certain pains, Cardui aids in building up the whole system by helping women to get more strength from their food.

—THE JUNIOR CLASS will be in town Saturday to sell delicious pies, cakes and candy. Don't forget!

#### HITSON 4-H CLUB

Eggs should not be cooked at a hot temperature," Jewell Hipp, Assistant home demonstration agent told the Hitson 4-H Club, Sept. 16, in the home of Mrs. Lester Hollis. "Since higher temperatures coagulates the protein makes it harder to digest," she continued.

We also discussed our summer vacation.

The club was reorganized, and the officers were as follows:

President, ----- Mary Holland;  
Vice-President, ----- Alma Lee King

Secy. and Treas. --- Lorene Andrus
